Every day blood donors help people of all ages: accident and burn victims, heart surgery and organ transplant patients, and those battling cancer. Each year, the American Red Cross distributes more than 6.4 million blood products to help the needs of these patients. This blood cannot be produced in a lab, but has to come from you, our donors. Thank you for taking the time to donate blood and save lives. These patients and their families will be forever grateful. These drives cannot exist without our dedicated volunteers who put in many hours to make it possible. Our last drive on March 18 was very successful, with 44 units of blood obtained. Come join us at our next drive on July 22 and do this again! The winner of the pair of boxwoods was Wayne Marks. ~ Rhonda Bass

RHBC will be having its very first CPR Class on March 25th from 7 - 8:30 PM in the Special Function Room. This will be hands-only CPR (no rescue breaths), operation of AED (Automatic External Defibrillator), and choking. This is <u>not</u> a certification class and is meant as instructional and hands-on training for laypeople. There is a limit of 10 people in the class. The fee for the class has been waived by the instructor because of our commitment to the Red Cross Blood Drives. Our instructor is Frank Spruill from the Outer Banks who was recommended by the Red Cross and is a certified instructor. If there is interest, a certification class can be done at a later date. Please call Rhonda Bass at 252-337-5766 if you're interested in the March class.
